Section D: Coaches and players will be responsible for the cleanup of the field after their game.

Section F: ***For games when only three (3) referees are officiating; the chain set and down marker will be alternated from one side of the field to the other at half-time. This will allow both sidelines to have a sideline referee on their sideline during the game. Each sideline will need to provide their chain crew; if possible.***

Section G: Ladders will not be allowed on or around the playing fields.

Article III: TIE BREAKER

Section A: Tie games will be decided by National Federation of State High School Association's 10-Yard Line Overtime Procedure.

1. For 5th grade games, only one KC overtime will be played. Teams can be tied at the end of the KC overtime.

Section B: Division or Conference Ties will be decided in the following manner:

1. Division records; Conference record if no Division within the Conference.
2. Head-to-Head winner.
 - a. Head-to-Head to determine playoff seedings. When determining playoff seedings, if four teams have the same division record, then head-to-head to amongst the four teams will be applied.
 - b. If the four teams have the same head-to-head records amongst the four teams, then Conference Record of A or B games respectively (does not include any crossover games with A or B teams), and finally a random draw of names from a hat will determine the playoff seeding. Equalizing the Conference Records accordingly (eg. 4-1 vs. 3-1 records are equal since the 3-1 team could win the 5th game; 4-1 vs. 2-2 are not equal since the 2-2 team could win the 5th game and at best be 3-2.).
3. Conference Record of A or B games respectively (does not include any crossover games with A or B teams). If there is a tie after Division Record and Head-to-Head tie breakers, then Conference Record will be applied. Equalizing the Conference Records accordingly (eg. 4-1 vs. 3-1 records are equal since the 3-1 team could win the 5th game; 4-1 vs. 2-2 are not equal since the 2-2 team could win the 5th game and at best be 3-2.). Once a tie is broken then reverse the order of the tie breakers.
4. For playoffs, the National Federation of State High School Association's 10-Yard Line Overtime Procedure (Kansas City Overtime) will apply.
 - a. KC Overtime will only be played if there is one or two teams that has to play-into the playoffs. If all three teams are already in the playoffs, then seeding will be determined by "blind draw" for seeding purposes.
 - b. For all KC Overtime games, we will limit the total time to three complete rounds of play (A vs B; Loser vs C, and the two teams that have not played will then play = 1 round). At the end of the third round, if all three teams are still tied, then we will do a "blind draw" to determine the winner. KC Overtime games will likely be played on a school night and it is not our intention to play games late into the night.
 - i. The League will make every effort to play the KC playoff games with lights.
 - ii. If the League is not able to secure a field with lights, then the total time will be limited to three complete rounds of play or approximately 1.5 hours, whichever occurs first.

Note 1: If possible, KC Overtime playoff games will be played prior to the last game of the regular season.

Article IV: PLAYOFFS

Section A: For "All Play" divisions, the first place team in each division will play the second place team in the other respective division. The two winning teams will advance to the championship game while the losers will play in the consolation game.

Section B: For "A and B" divisions, the first place team in "A" division will play the fourth place team in the "A" division, while the second place team in the "A" division will play the third place team in the "A" division in the playoffs. The winners will advance to the championship game. This format of play will be done for both A and B divisions.

1. A and B divisions do not play each other in the playoffs.
2. No consolation games will be played with this format.
3. Teams that lose their playoff game will return their equipment immediately following their game.

Section C: If there is only one division, the first and fourth best record teams, and second and third best record teams will play. The winners will advance to the championship game, while the losers will play in the consolation game.

Section D: If there are two conferences within one division ("A" or "B") then the first place teams from each conference will play the second place team from the other conferences. The winners will advance to the championship game. The League will strive to balance the two conferences.

Section E: 5th grade teams will not play post-season games (i.e. playoffs, consolation, or championship games). The League endorses the National Standards for Youth Sports developed by the National Alliance of Youth Sports 2001.

Article VI: CONCUSSION ACTION PLAN

To better manage instances of concussion in our sports program, Southeast Idaho Youth Football League (SIYFL) requires the following Concussion Action Plan:

1. All coaches must complete SIYFL’s current concussion management training. This training will include up-to-date information on the identification of concussion, the signs and symptoms associated with the injury, the risks involved with allowing athletes to continue to play while symptomatic, methods of concussion assessment, and the importance of gradual return to play practices.
2. Information about sports-related concussions will be provided to parents annually by our website and printed brochure.
3. If, during a practice or game, an athlete sustains a concussion or exhibits the signs, symptoms or behaviors of the injury, that athlete must be removed from all athletic activity immediately.
4. The coach is responsible to provide SIYFL’s **Athlete Concussion Medical Referral Form** to the athlete’s parent/guardian immediately following practice or game. If your team is playing in Pocatello, have the athlete go to Hawthorne Middle School field and have Tri-Med Medical Services complete the referral form.
5. The coach is responsible to notify the League (siyfl.football@gmail.com) via email that they have provided the Athlete Concussion Medical Referral Form to their athlete. Include the players name and date this was provided to the parents/guardians of the athlete.
6. That athlete may not return to any practice or game activity until he/she is evaluated by a licensed health care professional trained in the evaluation and management of concussion (i.e., physician, physician assistant, nurse practitioner, or athletic trainer).
7. The athlete and his/her parent/guardian must provide **written medical clearance** (Athlete Concussion Medical Referral Form) from that provider prior to the athlete being allowed to resume physical activity.
8. Once the athlete receives written medical clearance to return to physical activity, coaches will adhere to recommended clearance to play by a qualified licensed health care professional.
9. The coach is responsible to notify the League (siyfl.football@gmail.com) via email when the player was cleared to play and if any restrictions were recommended by the qualified licensed health care professional.
